Identification Number: C00544551
Reference: Requests for Additional Information issued May 19, 2022 (2)

Dear Mr. Fortkiewicz,

Heartland Resurgence inadvertently failed to timely file several 48hr and one 24 Independent Expenditure Notifications later disclosed in the 2022 April Quarterly, and 12 Day Pre Primary reports.

In these instances, the information and notifications of the expenditures were not conveyed in a timely manner from the accounting manager who disbursed the payments to the compliance team filing the reports.
As soon as the compliance team realized the omission, reports were filed immediately to ensure that they were placed on the public record.

Heartland Resurgence takes the Federal Election Campaign Act seriously, and has always acted in good faith to follow all applicable regulations and deadlines. The Committee has reviewed its process thoroughly, has strengthened the procedures in place for these 24 and 48hr filings, and taken internal remedial actions to ensure that these issues are prevented in the future.

Sincerely,

Christian Morgan
Treasurer
Heartland Resurgence
